

NUTRITIONAL THERAPY INFORMED CONSENT AND DISCLAIMER

Nora T. Gedgaudas, Certified Nutritional Therapist™

Before you choose to use the services of a Nutritional Therapist™, please read the following information **FULLY AND CAREFULLY**.

GOAL: Our basic goal is to encourage people to become knowledgeable about and responsible for their own health, and to bring it to a personal optimal level. Nutritional Therapy is designed to improve your health, but is not designed to treat any specific disease or medical condition. Reaching the goal of optimum health, absent other non-nutritional complicating factors, requires a sincere commitment from you, possible lifestyle changes, and a positive attitude. A Nutritional Therapist™ is not trained to provide medical diagnoses, and no comment or recommendation should be construed as being a medical diagnosis. Since every human being is unique, we cannot guarantee any specific result from our programs.

HEALTH CONCERNS: If you suffer from a medical or pathological condition, you need to consult with an appropriate healthcare provider. A Nutritional Therapist™ is not a substitute for your family physician or other appropriate healthcare provider. A Nutritional Therapist™ is not trained nor licensed to diagnose or treat pathological conditions, illnesses, injuries, or diseases.

If you are under the care of another healthcare provider, it is important that you contact your other healthcare providers and alert them to your use of nutritional supplements. Nutritional therapy may be a beneficial adjunct to more traditional care, and it may also alter your need for medication, so it is important you always keep your physician informed of changes in your nutritional program.

If you are using medications of any kind, you are required to alert the Nutritional Therapist™ to such use, as well as to discuss any potential interactions between medications and nutritional products with your pharmacist.

If you have any physical or emotional reaction to nutritional therapy, discontinue their use immediately, and contact your Nutritional Therapist™ to ascertain if the reaction is adverse or an indication of the natural course of the body's adjustment to the therapy.

COMMUNICATION: Every client is an individual, and it is not possible to determine in advance how your system will react to the supplements you need. It is sometimes necessary to adjust your program as we proceed until your body can begin to properly accept products geared to correct the imbalance. It is your responsibility to do your part by using your nutrition guidelines, exercise your body and mind sufficiently to bring your emotions into a positive balance, eat a proper diet, get plenty of rest, and learn about nutrition. You must stay in contact with the Nutritional Therapist™ so we can let you know what is happening and the best course of action. You should request your other healthcare provider, if any, to feel free to contact the Nutritional Therapist™ for answers to any questions they may have regarding nutritional therapy.

NUTRITIONAL THERAPY MAY NOT BE COVERED BY INSURANCE AND ALL COSTS ARE THE SOLE RESPONSIBILITY OF THE CLIENT.
